

DESIGN COUNCIL OF SASKATCHEWAN
PROUDLY PRESENTS

DESIGN WEEK 11

Design is all around us.

From our homes to the buildings where we work, from product brochures to billboards, from public parks to roads and bridges, the world around us has been shaped and molded for both function and beauty. Much of what we see in the world has been created by applied design professionals.

Design Week has been established to illustrate the importance and impact of applied design in our daily lives.

MONDAY, NOV 14

7pm to 10pm
Saskatoon Farmers' Market
414 Ave B South

Kuwabara Payne McKenna Blumberg Architects (Toronto) is one of Canada's premier architecture studios. Its portfolio has grown in terms of diversity and quality, enabling it to attract exceptional clients around the world. Regardless of scale, every project is conceived as a contextual response, to site and a client's vision. The firm is also the architect for the Remai Art Gallery of Saskatchewan.

TUESDAY, NOV 15

7pm to 10pm
Top of the Inn
Sheraton Cavalier Hotel,
612 Spadina Cres

Bernard Flaman (Regina) is a registered architect working in the field of Heritage Conservation. He will discuss his new book "Architecture in Saskatchewan: A Visual Journey, 1930-2011".

Valerie Elliott (Victoria) is the National Sustainability Chair of the Society of Graphic Designers of Canada (GDC). She authored the GDC Sustainability Principles and has acted as an advisor to the AIGA's Center for Sustainable Design. Her talk demonstrates how designers of all disciplines can make deep change through design thinking.

WEDNESDAY, NOV 16

7pm to 9pm
Roxy Theatre
320 20th St W

Robin Smith Memorial Lecture* The Meewasin Valley Authority will introduce and premiere a short documentary film "BioBlitz" about the importance of Saskatoon's Northeast Swale along the South Saskatchewan River. The film shows the challenge is how to best manage and protect the area – not by fencing it off, but by conserving and providing public access with a sound management plan.

Q&A to follow (*family friendly film)

THURSDAY, NOV 17

Noon to 1:30pm
Saskatoon Club, 17 21st St E

David Stubbs, B.Eng, P.Eng. The Canadian Masonry Design Centre is committed to providing masonry contractors and designers in Canada with tools and resources to facilitate the proper design and construction of masonry structures.

\$20 (includes lunch)
Call RSVP Event Design 384-6044

6:30pm to 9pm
Broadway Theatre
715 Broadway Ave

"Migrating Landscapes", a joint venture between 5468796 Architecture Inc. and Jae-Sung Chon (U of M Faculty of Architecture), was selected as Canada's entry to the 2012 Venice Biennale in Architecture. The project examines how the experiences of immigration can be incorporated into designs for contemporary housing that also respond to today's architectural, geographic and cultural environments.

A representative from Migrating Landscapes will discuss the competition, the Venice project, and how things are progressing.

"The Man Who Built My Childhood" is a series of humorous shorts that takes a detour into architecture with renowned Saskatchewan architect Joseph Pettick.

"Beautiful Losers" a documentary by Aaron Rose celebrating the independent spirit of DIY culture in the art world. The film details how a group of like-minded American artists emerged from the underground in the early 1990s to have an enormous impact on the worlds of fashion, film, art, music, and pop culture in general.

Reception to follow (location TBA)

FRIDAY, NOV 18

6pm to 11pm
Saskatoon Farmers' Market
414 Ave B S

Premier's Design Awards Mixer @ the Market

Check out fresh, homegrown professional design at the Market. Aside from handing out the Premier's Awards for Excellence In Design, this is a great opportunity to celebrate the success of Saskatchewan's professional design community.

Food, refreshments & entertainment. Public welcome (with ticket).
